

*For Immediate Release*

## **Mineworx to Participate in European and U.S. Conferences in November**

**Vancouver, B.C., Canada – November 5, 2018 – Mineworx Technologies Ltd.**, (the "Company" or "Mineworx") (TSXV: MWX) (OTCQB: MWXRF) (FSE: YRS WKN: A2DSW3), a leading provider of proprietary, cost-effective and non-toxic precious metals extraction solutions to the mining industry as well as to the E-Waste industry, through its collaboration with EnviroLeach Technologies, is pleased to announce that the Company will be attending two important European and U.S. conferences in November.

Mineworx management will be attending and presenting at the 2018 International Precious Metals & Commodities Show in Munich on November 9-10, 2018.

Information on this event and the registration process can be obtained here:

<https://www.edelmetallmesse.com/en/index.html>

Management will also be attending the Florida Capital Event Conference in Manalapan, Florida on November 15 – 17.

Both events are designed to introduce investors and active top-level portfolio managers to growth-stage companies in the global precious metals and technology sectors.

### **About Mineworx**

Mineworx is positioned for growth through partnerships with advanced mining projects as well as E-Waste opportunities through its collaboration with EnviroLeach Technologies. By utilizing its patented and patent pending environmentally friendly portable extraction technologies along with its licensed non-toxic, cyanide free precious metals formula these innovations will increase and enhance business opportunities by deploying cost effective, extractive metallurgical solutions.
